

Svein-Børre Solvang
CEO
SCOR Sweden Re

Dear Friends,

It is a great pleasure to invite you all to read the first edition of our Newsletter. On a regular basis, we will highlight relevant topics for the reinsurance world and SCOR Sweden Re.

During my first year as a CEO I have been focusing on finding ways for us to be a better and more efficient partner for you. We strive at fulfilling our mission, which is "it is easy to work with SCOR Sweden Re". You shall always expect quick response, strong follow up, good advices and valuable reinsurance solutions for your needs.

The topic of this issue is digitalization and how our available tools can ease your day-to-day work.

I wish you all a great summer

SCOR IN THE NORDIC COUNTRIES

SCOR Sweden Re was founded in 1914 and has been a part of SCOR since 2006. SCOR, with the AA- rating, is the 5th largest life reinsurer in the world serving 80 countries in 30 local offices. We are the leading provider of life reinsurance, medical underwriting & services to the Nordic insurance market and from the Stockholm office we cover Denmark, Finland, Iceland, Norway and Sweden.

Our vision is to be the helping hand for our clients whether it is regarding financial solutions, traditional solutions, distribution solutions, digital solutions, products development, client training or any other need.

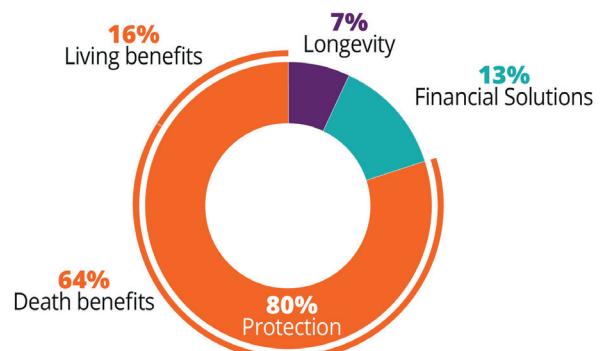

As a business partner, we are dedicated to meet and exceed our clients expectations of service, expertise and the easiness of working with us.

Our mission: It is always easy to work with SCOR Sweden Re. ■

FINANCIAL KEY FIGURES

Life & Health Portfolio mix by line of business

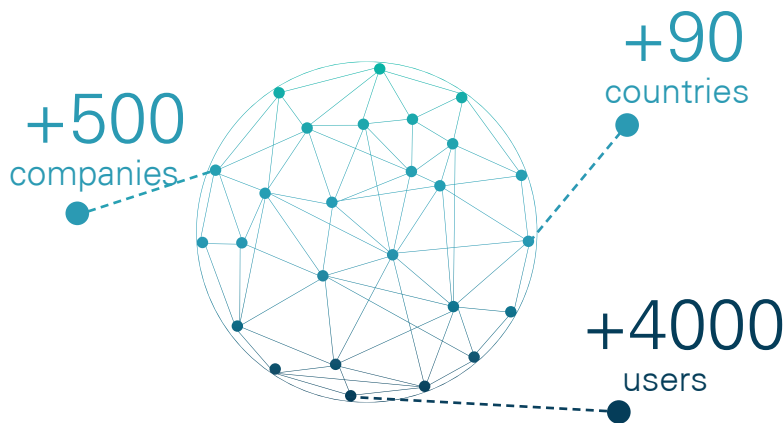

SOLEM

The worldwide used medical underwriting manual SOLEM is an underwriting guide for a large range of different insurance products such as Life, Disability, Critical Illness, Long Term Care and Medical Expenses.

SOLEM, developed by the experts of SCOR, is used in 90 countries, available in several languages and has a tailored version for the Nordic market.

SOLEM is an efficient, user-friendly and comprehensive web application to facilitate the day-to-day decision-making for underwriters of all standards.

- The information is **easy to access** thanks to a sophisticated search function.
- All information transmitted on the internet application is **protected** by an encryption system.
- The tool has a **traceability** where each case generates a working folder that the user can consult, modify or print.
- Section devoted to **claims management**. ■

Voice of our clients:

“What I like most about SOLEM is that you find everything you are looking for, even the rarest thing is included. Thanks to the constantly improved manual my daily work is much easier.”

E-UNDERWRITING

DIGITAL HEALTH DECLARATION

This customized online underwriting tool combined with an interactive health declaration makes it possible to have a full digitalized process and enables to underwrite at the point of sale. The online medical underwriting only takes a few minutes and provides the result in real time.

E-Underwriting is available on computer and smartphone, with a direct and secure access for the Applicant/ Agent/ Broker or Bank. ■
