

Let's face **the
unexpected
together**

The past 50 years have seen extensive research into the key concepts at the heart of the taking, transferring and pooling of risk. Thanks to this, we now have a better understanding of risk behaviour, risk markets and risk sharing. At SCOR, we have explored the scientific foundations of our industry to ensure that the unexpected does not faze us.

By sharing the art and science of risk with our clients, we can face the unexpected together.
